MinJun Huang

UX/UI Designer

huangminjun1@gmail.com | linkedin.com/in/minjun-huang1 | London

PROFILE

UX/UI designer with an MSc in User Experience Design from Kingston University and a BSc in Digital Media. I work across user research, wireframing, prototyping and visual design in Figma, and I can also build for the web in HTML, CSS and JavaScript. I am looking for a junior UX/UI role in London.

SKILLS

Design	Figma, Photoshop, Illustrator, Miro, Canva
UX	User research, wireframing, prototyping, usability testing, design systems
Web	HTML, CSS, JavaScript, PHP, MySQL, Layui, XAMPP (Apache) local server, Google Analytics 4
Languages	English (fluent), Mandarin (native), Cantonese (native)

PROJECTS

Greener, gamified urban green space app | MSc project, solo, Figma

- Ran user research into why people don't engage with nearby green spaces, and used it to define the core features.
- Designed the user flows, wireframes and high-fidelity screens in Figma, with a design system and reusable components.
- Tested the prototype with users and revised the flows and screens from their feedback.

SitAware, sitting reminder app | MSc project, solo, Figma

- Designed the high-fidelity screens and a clickable prototype in Figma for an app that helps people break up long sitting.
- Interviewed three people and ran a moderated usability test with five participants, then redesigned the flows from the results.

Personal portfolio website, minjun-huang.github.io, built independently 2026

- Designed and built my portfolio site in HTML, CSS and JavaScript, hosted on GitHub Pages.
- Set up Google Analytics 4 with custom events to see which projects and sections recruiters read.

Web-based Coffee Merchant System, BSc final year project, built independently 2024

- Designed and built a back-office web system for small coffee shops, using PHP, MySQL, HTML, CSS and the Layui framework.
- Built six modules: login and registration, orders, products, categories, suppliers and users, each with search, add, edit and delete.
- Designed a MySQL database of five linked tables using primary and foreign keys.

EXPERIENCE

Kitchen & Bar Team Member, Everyman Apr 2026 to present

- Make drinks, take orders and prepare food for cinema guests.
- Handle card payments and guest queries at the bar.

Food & Beverage Assistant, 67 Pall Mall (private members' club) Oct 2025 to Mar 2026

- Served members and guests, and handled opening and closing, stock and inventory counts.

Junior Designer, Shenzhen Pro Fashion Co. Ltd., China Feb 2023 to Aug 2023

- Designed posters and marketing materials for the company.
- Designed images for product detail pages.

EDUCATION

MSc User Experience Design, Kingston University, London 2024 to 2025

BSc Digital Media, Guangzhou College of Technology and Business, China 2020 to 2024

Google Analytics Certification, Google Skillshop Nov 2026
